

I you want to help me to correct this text. read the FAQ "[Help me to improve my English](#)"

How to become my friend?

The idea is to regroup under the heading "Friends" of my web site, all the people having a common center of interest. This to promote a link between these people and to facilitate the search of Internet users who are interested in the same subject.

To become my "friend", you have to own a website dedicated to textile art, and more specifically to woven textile. That is to say, to be a weaver textile artist yourself, or to have a site that promotes woven textile art. A weaver textile artist, makes unique pieces with an artistic vocation, with threads, and a loom.

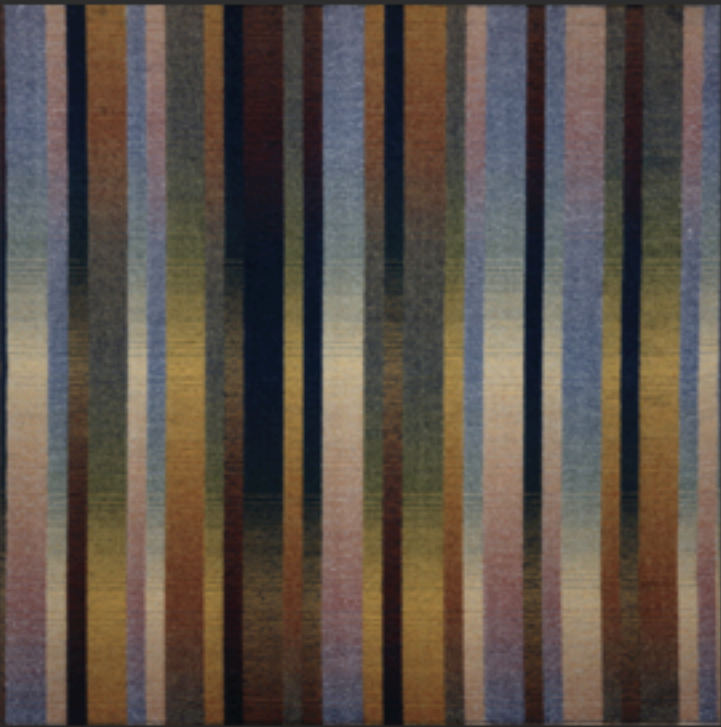

If you think to matche to this "type of friend", send me an email at ol@oliviermasson.art ; I will create your friend card.

As a reciprocity, I would ask you to include in your web site, my web address : <http://oliviermasson.art> , in the place that you deem appropriate (links page, comments page, blog page, etc.).).

To make your "friend" card, join to your mail :

- your name (as it will appear as friend card title)
- the address of your website, blog, facebook page, pinterest or other.
- a presentation text (maximum 1200 characters)
in English (and in French if possible)
- an image representing your work.
This image will appear in the friends list.
- an image representing you (photo ID or photo where you are on).
This image will appear if we click on the first image.

Here is an example of a "friend" card :

Olivier Masson
oliviermasson.art

Textil artist.

Works on color and geometric designs inspired by shaft weaving.
